The urine in this product was RT-QuIC tested and certified by CWD Evolution™ that no CWD was detected.

A FINAL CONFIRMATION OUR PRODUCTS ARE CWD SAFE!

IN 2019, TINK'S® LED THE SCENT INDUSTRY BY CO-SPONSORING A STUDY WITH CWD EVOLUTION, LLC. IN DEVELOPING A CWD TESTING PROTOCOL KNOWN AS RT-QuIC. THIS TEST IS SPECIFICALLY DESIGNED TO TEST DEER URINE FOR CWD CONTAMINATION AND VERIFY THAT NO DETECTABLE LEVELS OF CWD ARE FOUND PRIOR TO THE BOTTLING PROCESS.

WHILE THE RISK OF URINE-BASED SCENTS SPREADING CWD IS VIRTUALLY ZERO, THERE IS FALSE AND MISLEADING INFORMATION DRIVING POLICY AND REGULATIONS REGARDING URINE-BASED SCENTS AND CWD. UNFORTUNATELY FOR HUNTERS, SOME STATES HAVE ACTED ON BAD INFORMATION AND BANNED THE USE OF URINE-BASED SCENTS. RT-QuIC TESTING VERIFIES THAT NO DETECTABLE LEVELS OF CWD ARE FOUND AND PROVIDES FINAL CONFIRMATION THAT TINK'S® PRODUCTS ARE SAFE FOR USE AND WITHOUT RISK OF SPREADING CWD.

TINK'S® PRODUCT PACKAGING INDICATES OUR NATURAL PRODUCTS THAT HAVE BEEN TESTED BY DISPLAYING THE RT-QuIC TESTED LOGO ON THE FRONT OF THE PACKAGING AND ON THE BACK OF BOTTLES FOR EASY IDENTIFICATION.

TROPHY BUCK

TRIGGER THE CHALLENGE

Formulated from 100% natural rutting buck urine, collected from dominant bucks and reinforced with tarsal gland and interdigital gland secretions. The rutting odor of a buck induces a territorial challenge to another buck and provokes him to seek out the foreign buck.
